I am a resident of Columbia New Jersey. I have a job where I have the ability to work from home rather than travel 75 miles each way to and from work. Unfortunately due to the inadequate internet service from century link that I have at my residence on Hainesburg River Road, I am forced to travel each day for a total commute time of 3 plus hours. I have contacted Service Electric to inquire about their service, but when I was told that it would cost me over \$3,750 to have it run to the property, but no cost to install. Right. Altice needs to expand their internet/cable service into Knowlton, which Columbia is a part of. I agree with our Mayor, Adele Starrs; this acquisition should not be approved by BPU unless Altice agrees to expand their service to Knowlton and surrounding communities.
