Subject: [EXTERNAL] Docket No. CM20030211
Date: Tuesday, June 30, 2020 11:34:11 AM

The bottom line is we need to get up to date with better internet! It's 2020 and With the pandemic there is a majority of employees working from home and will stay working from home. Each time my internet goes out I have to use my own personal time off!

EVERY RESIDENT WHO WANTS BETTER INTERNET... I NEED YOUR HELP. The BPU is deciding whether or not to approve the Altice/ Service Electric acquisition. Knowlton and the surrounding towns have asked for this transaction not be approved unless Altice agrees to expand their cable/Internet lines in Knowlton. To date, Altice has not agreed to our requests.
