Subject: [EXTERNAL] Concerned Knowlton Citizen - Reference Docket No. CM20030211
Date: Monday, June 29, 2020 9:12:51 PM

Knowlton needs a more reliable and faster internet service. If Altice wishes to acquire Service Electric, it should be in Altice's plan to expand high speed internet service options to Knowlton residents. Many are struggling to work from home during this pandemic with inferior and spotty service, which often is in need of a modem reset. I am against the merger absent a plan to bring a solid internet service option to Knowlton residents.
