To Whom it May Concern,

I am a resident of Hope, New Jersey. I do not think the Altice/Service Electric acquisition should be approved unless cable lines will be expanded in Hope and the surrounding towns.

With many people working from home and students attending school online, high speed internet is not a luxury, it is a necessity.

Ultimately, this is in the best interest of the company, as many residents will be happy to pay for faster internet service.

Sincerely,
