Date: Wednesday, July 1, 2020 2:21:37 PM

To Whom It May Concern:

Please take under consideration the acquisition of Service Electric Cable by Altice be not approved unless Altice further expands it's cable service area to include all of Frelinghuysen Township, Warren County and all the surrounding municipalities that have limited access to high speed cable broadband. We currently only have access to Verizon DSL which is woefully slow and our Verizon cell service is not much better. As an educator that has been forced due to Covid 19 to teach exclusively online, cable internet would make our lives so much better for the delivery of lessons and interaction with students.

Thank you for this consideration.

Respectfully,

Scott Lance
