BACKGROUND

On December 16, 2019, New Jersey-American Water Company, Inc. ("NJAWC") filed with the New Jersey Board of Public Utilities ("Board" or "BPU") a petition, testimony and exhibits (collectively, "Petition") requesting an increase in operating revenues of \$87.8 million, or approximately 12.3% over projected pro-forma rate revenues.

The Petition was based upon a 12-month test year ending June 30, 2020. The filing contained 5 months of actual and 7 months of projected data and included proposed post-test year adjustments that reflected changes in capital expenditures through December 31, 2020. The filing also included changes in certain revenues and expenses through March 31, 2021. The Petition was accompanied by the testimony of the following witnesses: Cheryl Norton (Case Overview); Thomas Shroba (Operations); Donald Shields (Capital Investment); John S. Tomac (Revenue Requirement); Jamie D. Hawn (Expenses); John M. Watkins (RSM and OPEB Tracker); Gregory P. Roach (Weather Normalized Usage/Declining Use); Charles B. Rea (Rate Design); Ann E. Bulkley (Cost of Equity and Capital Structure); Patrick L. Baryenbruch (Service Company Costs); Robert Mustich (Compensation); and Harold Walker (Cash Working Capital and Lead/Lag).

On April 28, 2020, NJAWC submitted a 9&3 update filing containing actual results data for the 9 months ending March 31, 2020. On July 21, 2020, NJAWC submitted its final 12&0 update filing containing actual results data for the 12 months ending June 30, 2020.

On December 19, 2019, the Board transmitted this matter to the Office of Administrative Law ("OAL") as a contested case and on January 8, 2020, the Board issued an Order suspending NJAWC's proposed rate increase until May 15, 2020. By way of a second suspension order issued May 5, 2020, the proposed rate increase was further suspended until September 15, 2020. This matter was assigned to Administrative Law Judge ("ALJ") Jacob S. Gertsman. On February 18, 2020, ALJ Gertsman issued a Prehearing Order establishing procedures and hearing dates for the conduct of this case. On August 20, 2020, ALJ Gertsman issued an Order consolidating this matter with NJAWC's Distribution System Improvement Charge ("DSIC") Foundational Filing, which was filed on March 17, 2020 and transmitted to the OAL by the Board on April 2, 2020. The parties to the DSIC matter will file a separate stipulation of settlement resolving the Foundational Filing.

After appropriate motions, Middlesex Water Company ("Middlesex"), Aqua New Jersey, Inc., Johanna Foods, Inc., Cogen Technologies Linden Venture, L.P., Rutgers, the State University, Phillips 66 Company, Princeton University (collectively with Johanna Foods, Inc., Cogen Technologies Linden Venture, L.P., Rutgers, the State University, and Phillips 66 Company, ("OIW"), City of Elizabeth, Mount Laurel Township Municipal Utilities Authority, Local 423 of the Utility Workers Union of America, the Township of Bedminster, Borough of Far Hills, the Borough of Bernardsville, the Township of Bridgewater, the Borough of Raritan, the Township of Raritan, and Borough of Peapack-Gladstone (collectively with the Township of Bedminster, the Borough of Far Hills, the Borough of Bernardsville, the Township of

Bridgewater, the Borough of Raritan, and the Township of Raritan, "JMI") were granted intervenor status.

After proper notice to the general public in newspapers of general circulation and after service of notice upon affected municipalities and counties within NJAWC's service area, six public hearings were held. Two public hearings were held on February 18, 2020 in Ocean City, New Jersey at 4:30 p.m. and 5:30 p.m.; two public hearings were held on February 19, 2020 at 4:30 p.m. in Howell Township, New Jersey; and two public hearings were held on February 20, 2020 at 4:30 p.m. and 5:30 p.m. in Hillsborough Township, New Jersey. Members of the public attended and commented at the public hearing in Hillsborough. No members of the public attended the public hearings in Ocean City or Howell Township.

On July 2, 2020, the New Jersey Division of Rate Counsel ("Rate Counsel"), Middlesex and JMI filed direct testimony and on August 14, 2020, NJAWC, OIW and Middlesex filed rebuttal testimony. On August 27, 2020, NJAWC filed revised rebuttal testimony. On September 3, 2020, NJAWC, Rate Counsel, Middlesex and the JMI filed surrebuttal testimony. Evidentiary hearings took place on September 21, 2020 and September 24, 2020.

Extensive discovery was conducted, and several settlement discussions were held after notice to all parties. As a result of these discussions, NJAWC, Board Staff and Rate Counsel (collectively, "Stipulating Parties") reached this stipulation of settlement ("Settlement") resolving all issues in this proceeding subject to the terms and conditions stated herein.

STIPULATED MATTERS

A. Rate Increase

- 1. As of the Effective Date as defined below, NJAWC will be permitted to increase its base rates in a manner designed to produce a total annual operating revenue increase of \$39 million, an overall revenue increase for water and wastewater service of 5.52%.
- 2. The Stipulating Parties agree that the pro forma revenues to which the \$39 million increase will apply is \$711,600,038.
- 3. The annual revenue requirement increase is based upon a rate base of \$3,573,449,655.
- 4. The Stipulating Parties agree to an overall rate of return of 7.0306% and the following capital structure and cost rates:

Notes:

10. The Stipulating Parties acknowledge that the stipulated revenue requirement increase reflects consideration of other unamortized balance sheet accounts requested by the Company with a three-year amortization period.

⁽a) 50% of pro forma rate case expenses.

D. Amortization of Excess ADIT

- 11. The Stipulating Parties acknowledge that the impact of the Tax Cuts and Jobs Act of 2017 ("TCJA") is addressed in this proceeding, and in separate proceedings initiated by the BPU in *In the Matter of the New Jersey Board of Public Utilities' Consideration of the Tax Cuts and Jobs Act of 2017*, BPU Docket No. AX18010001 and *In the Matter of the Petition of New Jersey-American Water Company, Inc. with Calculation of Rates under the Tax Cuts and Jobs Act of 2017*, BPU Docket No. WR18030233.
- 12. The Stipulating Parties further acknowledge that a separate stipulation of settlement will be filed in BPU Docket Nos. AX18010001 and BPU Docket No. WR18030233 and is intended to resolve the treatment of all remaining TCJA impacts on the rates and books of NJAWC ("TCJA EADIT Settlement").
- 13. The TCJA EADIT Settlement identifies, among other items, NJAWC's excess accumulated deferred income taxes ("excess ADIT" or "EADIT") resulting from the TCJA's reduction in the federal corporate income tax rate.
- 14. The TCJA EADIT Settlement also provides for the refund to customers of \$52,873,614 of EADIT (grossed-up) through base rates as well as a sur-credit on customers' bills beginning on the Effective Date of base rates, as set forth below. Of that amount, \$9,859,082 is related to the amortization of protected assets pursuant to the average rate adjustment method ("ARAM") and \$43,014,532 is related to the amortization of unprotected assets over a 15-year period.
- 15. The sur-credit amount of \$32,500,000 (the "TCJA Sur-Credit") which is included in the \$52,873,614 EADIT total, will be passed back monthly (\$3,250,000 per month) to

customers over a 10 month period beginning on the Effective Date as defined below, as set forth below.

- 16. The pass back of \$52,873,614 (grossed-up) includes the entire amount of EADIT deferred during the "catch up" period of January 1, 2018 through October 31, 2020.
- 17. The Stipulating Parties acknowledge that the terms of the TCJA EADIT Settlement must be reviewed and approved by the Board.
- 18. The Stipulating Parties agree with the apportionment of the Sur-Credit as set forth in Schedule C to the separate stipulation in the TCJA EADIT Settlement.

E. Tariff and Rate Design

- 19. The Stipulating Parties agree that the pro forma present rate revenues to be used by rate class are those reflected on the attached Schedule B, which includes the agreed upon revenue increases by customer class.
- 20. Attached as Schedule C is the agreed upon tariff reflecting changes implementing the revenue increase and other tariff changes agreed upon in this Stipulation. The Stipulating Parties agree that within 10 days of a Board Order approving this Stipulation, NJAWC will file Schedule C with the Board.
- 21. Attached as Schedule D is "New Jersey American Water Company, Base and Total Revenues at Present and Proposed Rates". The Stipulating Parties agree that Schedule D represents the present rates and the stipulated rates to be utilized in this matter.
- 22. The Stipulating Parties acknowledge that pursuant to the acquisition agreement between NJAWC and Mt. Ephraim Sewer Services, the stipulated rate increase with respect to such customers will be effective on July 3, 2021 (the "Mt. Ephraim Effective Date"). NJAWC

will file updated tariff pages with respect to the increase for these customers no later than ten (10) days before the Mt. Ephraim Effective Date.

23. The Stipulating Parties agree that NJAWC's DSIC Foundational Filing, submitted on March 17, 2020 in BPU Docket No. WR20030256 must be approved by the Board before any new DISC investment and/or DSIC rate recovery can occur and that the DSIC rate approved in BU Docket No. WR17111183 shall be reset to zero on the effective date of new base rates in this case.

F. <u>Effective Date</u>

- 24. The Stipulating Parties agree that they will use their best efforts to ensure that this Stipulation is presented to the Board for approval at its October 28, 2020 public agenda meeting and that upon NJAWC's request for an expedited order, rates shall be effective November 1, 2020.
- 25. The Stipulating Parties agree that service of the Board Order approving this Stipulation shall be in accordance with N.J.S.A. 48:2-40, and will be effective in 10 days from a Board Order accepting this Stipulation or upon electronic service of said Order, as permitted by the Board in Docket No. EO20030254, on all parties, whichever is sooner.

G. <u>Miscellaneous</u>

- 26. The Stipulating Parties agree that this Stipulation has been made exclusively for the purpose of this proceeding and that this Stipulation, in total or by specific item, is in no way binding upon them in any other proceeding, except to enforce the terms of the Stipulation.
- 27. The Stipulating Parties agree that this Stipulation contains a mutual balancing of interests, contains interdependent provisions and, therefore, is intended to be accepted and approved in its entirety. In the event any particular aspect of this Stipulation is not accepted and

approved in its entirety by the Board, or modified by the Board, each party that is adversely affected by the modification can either accept the modification or declare this Stipulation to be null and void, and the Stipulating Parties shall be placed in the same position that they were in immediately prior to its execution.

- 28. It is the intent of the Stipulating Parties that the provisions hereof be approved by the Board as being in the public interest. The Stipulating Parties further agree that they consider the Stipulation to be binding on them for all purposes herein.
- 29. The Stipulating Parties agree that this Stipulation represents a negotiated agreement and has been made exclusively for the purpose of this proceeding. Except as expressly provided herein, the Stipulating Parties shall not be deemed to have approved, agreed to, or consented to any principle or methodology underlying or supposed to underlie any agreement provided herein, in total or by specific item. The Stipulating Parties further agree that this Stipulation is in no way binding upon them in any other proceeding, except to enforce the terms of this Stipulation.
- 30. This Stipulation may be executed in as many counterparts as there are Stipulating Parties of this Stipulation, and each such counterpart shall be considered an original; however all such counterparts will constitute one and the same instrument.
