**Re: In the Matter of the Joint Petition of CSC TKR, LLC and Service Electric
Cable T.V. of New Jersey, Inc. for the Approval of the Transfer of Certificates
of Approval of Service Electric Cable T.V. of New Jersey, Inc.**

BPU Docket No. CM20030211

Dear Ms. Camacho-Welch:

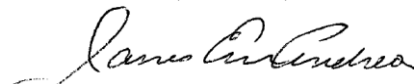

On behalf of CSC TKR, LLC (“Altice USA, Inc.”), in accordance with paragraph 22(b) of the Board’s Order in the above-captioned matter, we have attached a redacted version of a document setting forth Altice’s cost projections for the construction of a plant extension in the Township of Hardwick. We are also enclosing the affidavit of Paul Jamieson, Vice President of Government Affairs and Policy, substantiating confidential treatment of sections of the above-referenced document. The confidential version of the cost information document will be sent to Director Lawanda Gilbert in a separate email. Be advised that the cost information provided this date is preliminary and subject to possible adjustments on a going forward basis.

As required by the above-referenced paragraph 22(b) of the Board’s Order, Altice has contacted the Township regarding its plans for the proposed line-extension. Also, pursuant to paragraph 26.3 (c) of the same Board Order, be advised that Altice has contacted OCT staff for the purpose of setting up monthly meetings to discuss the status of franchise renewals and ongoing build-out issues in those areas formerly part of the Service Electric Cable T.V. Company service territory.

BPU DOCKET NO.: CM20030211

STATE OF NEW YORK :

COUNTY OF NASSAU :

I, PAUL JAMIESON, being of full age, being duly sworn, deposes and says:

1. I am Vice President, Government Affairs and Policy, for CSC TKR, LLC (hereinafter “Altice”). I am familiar with the information referenced in this affidavit. If called as a witness, I could and would testify competently to the same.

2. I submit this affidavit in support of Altice’s request for confidential and proprietary treatment of information relating to the preliminary cost of constructing a line-extension necessary to provide service beyond the public right-of-way to the entirety of Spring Brook Road in the Township of Hardwick, including the provision of service to the Hardwick municipal building (hereinafter “the Cost Information”). The Cost Information was sent to Lawanda Gilbert, Director of the Board of Public Utilities’ Office of Cable Television and Telecommunications on September 14, 2020.

3. The Cost Information includes a very detailed breakdown on the cost of construction for an extension in one of Altice's service territories, thereby allowing Altice's competitors to ascertain its pricing methodology for a specific location, and by extension, its methodology in connection with the construction of any number of other extensions. This is sensitive commercial information not available to the general public. For this reason, Altice has redacted the dollar amounts set forth in the Cost Information document.

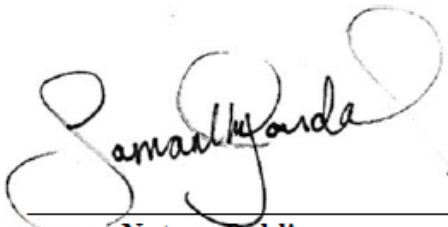

4. In view of the foregoing, the redacted data in the Cost Information document is highly confidential and proprietary in nature. Armed with knowledge of this data, a competitor could develop targeted market and investment strategies. Therefore, public disclosure of the Cost Information could be of benefit to Altice's competitors because of its inherent commercial value with a resulting adverse impact on Altice's financial position.

5. To my knowledge, the Cost Information has not been divulged to the general public. Altice will be taking precautions to make sure that this document does not enter the public domain.

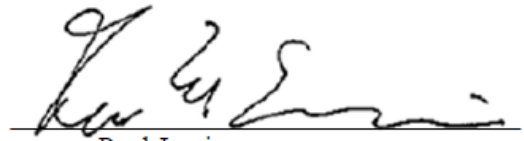

6. Maintaining the confidentiality of the Cost Information will not harm the public.

7. In view of the foregoing, it is clear the Cost Information contains proprietary confidential financial information, which if disclosed, could give competitors an undue competitive advantage with a potential adverse impact on Altice's financial position. For the reasons outlined above, continued confidential treatment for at least five years from the date of this affidavit is required.
